The Gladiolus

Gladiolus: "Diminutive of Latin gladius, a sword, from the shape of the leaves of the first described species."

Varieties selected by our experts and verified as such by the Leading Gladiolus Societies both here and abroad. Finest Quality Stock that has been selected by carefully trained employees — then especially treated in storage during the winter months to assure you the finest disease and insect free bulbs. Treated with D D T powder as we are packing your order. It is our aim and to our interest that you receive the finest quality that will produce exhibition blooms in your garden.

FOR THE GARDEN AND FOR INDOOR DECORATION

Few flowers have so richly profited from the skill and taste of the hybridists' continued ambitions as the Gladioli. Through variation, selection and breeding, the comparatively inconspicuous flowers brought from Cape Colony some hundred and fifty years ago, have been re-furbished, elaborated, glorified, until memory of their simple early state is quite lost in the wonder of newly acquired colors, markings, bewitching ruffles and widely flaring chalices. The color range of the Gladiolus of today includes every tint and shade possible.

No blooms are more valuable in the midsummer and autumn garden than Gladioli. Their use is almost without limitation. The range of color available today enables them to share in any scheme. If the planting be properly timed they may be brought into bloom any time from June to November (and under glass, from November to June). The flowering season may be advanced or prolonged by planting in berry baskets or pans, keeping them in a protected frame until ready to set outdoors into the garden where a vacancy invites it.

They are invaluable for cut flowers, and it is well to have a few hundred bulbs planted in some out-of-the-way place, for a cutting patch for indoor and porch decoration. It is interesting in this connection to choose varieties whose colors will harmonize with the decorations of the various rooms of your home. In cutting the blooms four or more leaves should always be left upon the plant; this helps to restore nourishment to the parent corms.

Gladioli will give satisfactory results in any good garden soil. The depth of planting for the corms differs with the character of the soil. The lighter the soil, the deeper the corms should be set, and in dry seasons this deep planting is of great advantage, as it insures a cool and desirable environment for the roots. Deep planting has the further advantage of very largely doing away with the necessity of staking. In heavy, moist soils, however, there is danger in deep planting, as the soil may become too wet and cause the young shoots and even the corms to decay.

The general method is to plant in rows from 1½ to 4 feet apart, depending upon the method of cultivation to be employed. Dig a trench 5 inches deep and 2 inches wide at the bottom. Place the corms on the bottom of the trench 3 inches to 5 inches apart and then fill the trench with soil.

They like plenty of air and sunshine under which condition they will grow to perfection. In dry seasons they should be thoroughly watered; a little sprinkling in the evening is of only slight benefit; give them a thorough soaking so that the soil is wet 5 inches deep and then leave them alone for a week.

Cultivate after every rain or watering; keep the surface of the soil loose and open; give the oxygen a chance to get into the soil where things are growing.

Do not use fresh manure at planting time. Apply barnyard manure the previous fall or use bone meal in the spring. *Sheepers' Bulb Food is best.* (See page 8.)

Unpack the bulbs as soon as received and give them a thorough airing; keep in a good dry cellar until ready to plant.

YOU MAY HAVE BLOOMS IN YOUR GARDEN FROM JUNE UNTIL FROST

(We have ideal storage facilities and will be happy to keep the bulbs for you, making shipments at intervals during the growing season.)

Plant some Gladioli every week commencing as soon as all danger of frost is over. By keeping the bulbs in a cool, dry place, about forty degrees, they will keep and remain dormant as late as August. This will give you flowers from late June until frost.

Plant a few of the bulbs in berry baskets in early March, placing them in a frost-proof cellar or frame where they can make roots: when all danger of frost is over, plunge them, basket and all, into the places in the garden where they are wanted, and you will have fine blooms in late May and early June.

It is always well to have a quantity of Gladioli planted at various times in such baskets or in pots and pans growing in frames so that from time to time you may be able to fill vacant spaces in your borders by plunging these in for quick or immediate effect, very early or very late in the season.

Schaeepers' Gladioli

*"Flowers are the beautiful hieroglyphics of Nature,
by which she indicates how much she loves us."*

—GOETHE

This selection is arranged in conformity with the classification adopted by the Gladiolus Society. All varieties marked "Exhibition" are especially suitable for exhibition purposes, florets measure over 4 inches in diameter. Varieties marked "Decorative" produce florets measuring over 3½ inches in diameter. In selecting these varieties, special stress is laid on their value for decorative purposes. Varieties marked "Small Flowered" produce florets measuring less than 3½ inches across. They are especially selected for their decorative value, for use in bowls and for table decorations. This class includes the type previously listed as "Primulinus." (See Miniatures, page 9.)

Varieties marked "Early" bloom in from 70-80 days. Those marked "Midseason" come into flower in 85-90 days, while those marked "Late" take a few days longer to bloom.

ABU HASSAN. (Midseason-Exhibition) A glossy dark blue-violet which defies competition in this color class; buds appear black. To those who remember the popular "Pelegrina" we wish to state that Abu Hassan excels in both color and growth. It is the finest dark violet blue Gladiolus yet introduced. The color contrasts when combined in a bouquet with "Hopman's Glory" is very charming. Extra fine cut flower and always a prize winner. *See illustration*, page 6. \$1.45 for 10; \$12.00 per 100.

ADMIRAL. (Midseason-Exhibition) Glistening deep blue. This new variety is a prize-winner. *See illustration*, page 5. \$1.75 for 10; \$15.00 per 100.

AQUA QUEEN. (Midseason-Exhibition) This is the bluest 'blue' in cultivation. Sky-blue, would be beautiful in bouquet with "Firefly." Good strong grower. *See illustration*, page 5. \$1.70 for 10; \$14.50 per 100.

AUREOLE. (Midseason-Exhibition) Recent introduction of rare merit. A magnificent soft yellow with the blooms having a waxy sheen. Broad petaled round florets that are nicely frilled. Strong spikes with many florets open at one time. Very beautiful. \$1.50 for 10; \$12.50 per 100.

BURMA. (Midseason-Exhibition) Heavily ruffled florets of rose-red lighter in the throat. Well placed blooms are held on strong stiff stems with as many as 10 open at one time. Exquisite when arranged in a bouquet. Very popular; always a prize-winner. \$1.55 for 10; \$13.00 per 100.

CALICO. (Early-Exhibition) A beautiful rose-pink with a well placed ruby blotch deep in the throat. Very attractive and a prize-winner. *See illustration*, page 11. \$1.50 for 10; \$12.50 per 100.

CAMPANILE. (Midseason-Exhibition) The very best lavender to date. For those who are admirers of "Elizabeth the Queen" this new variety will be their favorite as it is one of the parents of "Campanile." Prize-winner. *See illustration*, page 5. \$1.60 for 10; \$13.50 per 100.

CARNIVAL. (Midseason-Exhibition) Bright scarlet-red with large snowy white throat. Good strong grower, fine for exhibition. *See illustration*, page 11. \$1.50 for 10; \$12.50 per 100.

CHEER LEADER. (Midseason-Exhibition) This gaily colored variety commands immediate attention. Bright orange-red with a sparkling yellow throat and maroon blotch. Very striking. *See illustration*, page 5. \$1.75 for 10; \$15.00 per 100.

CONTENTMENT. (Early-Exhibition) Beautifully ruffled. Orchid-lavender with cream throat. Strong grower. *See illustration*, page 5. \$1.70 for 10; \$14.50 per 100.

CRUSADER. (Midseason-Exhibition) Pure snow white flower with large markings of velvety purple on two throat petals. Beautiful contrast and an exhibition variety that is a sure winner. Try a few in your collection this year. *See illustration*, page 11. \$1.50 for 10; \$12.50 per 100.

DEBBIE. (Midseason-Exhibition) As close to a 'true' orange color as ever grown. Heavily ruffled and with a well placed yellow throat. *See illustration*, page 5. \$1.75 for 10; \$15.00 per 100.

ELIZABETH THE QUEEN. (Midseason-Exhibition) Beautiful lavender-mauve, the color running far down in the throat of the extra large florets. It has a reddish stippled feather deep in the throat with some flaking of the same color running through the lower petals, which seems to add character to the bloom. The long flower stems with 8 and more blooms open at a time make this an ideal exhibition variety. Beautiful under artificial light. Winner of highest honors including an Award of Merit at the Quebec Show. Best variety winner at Exposition Institute Agricola, Belge Au, Canada. Award of Merit New York. \$1.55 for 10; \$13.00 per 100.

FIREFLY. (Midseason-Exhibition) Delightfully ruffled light yellow with a small scarlet blotch deep in the throat. Very beautiful. *See illustration*, page 5. \$1.70 for 10; \$14.50 per 100.

FIRE OPAL. (Early-Exhibition) Ruffled orange-red with a broad yellow throat mark. A striking beautiful variety. *See illustration*, page 11. \$1.50 for 10; \$12.50 per 100.

FLORENCE NIGHTINGALE. (Midseason-Decorative) One of the finest of the snow white varieties; slightly ruffled. Well arranged on tall flower spikes. Five inch florets. Winner of highest awards wherever shown. \$1.50 for 10; \$12.50 per 100.

FRIENDSHIP. (Early-Decorative) A new introduction of exceptional merit. A frosty shade of pure pink with a waxy white and cream throat to add to its beauty. Large, well rounded florets, opening wide of excellent texture and being nicely ruffled. An exhibition variety of rare beauty. Long list of prizes to its credit as the best pure pink. \$1.45 for 10; \$12.00 per 100.

GAIL. (Midseason-Exhibition) Light lavender shading deeper toward the edges of the petals; delightful rose-cerise throat mark for a most pleasant color combination. Extra strong grower. *See illustration*, page 6. \$1.65 for 10; \$14.00 per 100.

GENERAL EISENHOWER. (Midseason-Exhibition) Deep clear pink, undoubtedly the best pink introduced to date. 8 enormous florets open at one time, very well placed and held on strong stiff stems. \$1.50 for 10; \$12.50 per 100.

GOLD. (Midseason-Exhibition) Deep yellow—as deep as a yellow can be without showing orange. A yellow-gold that will take the place of any of the deep yellow varieties in a few years. The tall sturdy spike holds sixteen florets with as many as eight wide open at one time. Excellent for cutting and arrangement. Long list of honors at all shows. \$1.50 for 10; \$12.50 per 100.

GOLDEN SUNSHINE. (Late-Exhibition) A light golden yellow of rare beauty. Delightful in a bouquet with “Admiral” or “Aqua Queen.” Prize-winner. *See illustration*, page 12. \$1.75 for 10; \$15.00 per 100.

GUNSMOKE. (Midseason-Exhibition) Smoky variety of rare merit. Heavily ruffled and of a salmon smoky shade. A consistent prize-winner in the smoky class. *See illustration*, page 5. \$1.70 for 10; \$14.50 per 100.

HARRISBURGER. (Late-Jumbo Exhibition) The very largest of the deep reds. Deep cherry-red of real beauty. Spikes are tall and the florets are exceptionally large. It is repeatedly a prize-winner. \$1.50 for 10; \$12.50 per 100.

HOPMAN'S GLORY. (Midseason-Exhibition) Clear soft yellow and a very beautiful variety. It may well be considered an “Early Flowering” variety as it is the first of the soft yellows to flower. Beautiful arrangements can be made with “Spic and Span.” Strong grower and many florets open at one time. \$1.45 for 10; \$12.00 per 100.

INNOCENCE. (Early-Exhibition) A beauty. The delicate shades of rose-pink are enhanced with shadings of cream. It is beautifully ruffled. *See illustration*, page 12. \$1.75 for 10; \$15.00 per 100.

LORELI. (Midseason-Exhibition) Glistening pure cream. A very beautiful variety. Beautiful in bouquet with “Contentment.” *See illustration*, page 5. \$1.60 for 10; \$13.50 per 100.

MOTHER FISCHER. (Late-Exhibition) Most beautiful of all snow white ruffled glads. Across the country at all leading shows it was awarded top honors yearly. Can be grown 6½ feet tall with a flower head 3 feet long. Finely placed florets are produced with many open at one time. Always a prize winner. \$1.45 for 10; \$12.00 per 100.

PACTOLUS. (Midseason-Exhibition) Handsome golden buff with a striking scarlet blotch at the base of the two lower petals. A splendid grower with all spikes matching in beauty with 8 and more blooms open at a time. *See illustration*, page 11. \$1.50 for 10; \$12.50 per 100.

PATROL. (Midseason-Exhibition) Clear apricot with golden yellow throat by far one of the most beautiful Gladioli to date. 10 or more perfectly placed florets open at one time on a tall strong flower spike. Fine for exhibition and always a prize winner. *See illustration*, page 6. \$1.60 for 10; \$13.50 per 100.

PICARDY. (Early-Exhibition) The finest Gladiolus in its color class. Of soft shrimp-pink without flecking. Blotch of light flesh-pink, shading to shrimp-pink at edges. Inconspicuous feathering of Begonia-rose. 7 to 10 florets open at a time with blooms up to 6 inches or more across. Spike is strong, but at the same time very refined. This variety has been the sensation of the “Gladiolus” world since its introduction. (Our stock is the selected improved strain that is disease free.) \$1.45 for 10; \$12.00 per 100.

RED CHARM. (Midseason-Decorative) A splendid glistening red with up to 9 well placed florets open at a time on a good strong stem. One of the best of the real red Gladiolus. \$1.35 for 10; \$11.00 per 100.

ROSE SPIRE. (Midseason-Exhibition) The flush pink of the petals deepens toward edges to a real rose, with cream at the throat for a real peaches and cream effect. Fine tall spikes. *See illustration*, page 12. \$1.75 for 10; \$15.00 per 100.

SALMAN'S SENSATION. (Midseason-Exhibition) New introduction of sensational beauty. A beautiful blue that is considered best in its class. The growth of the plant is amazing; it grows up to 6 feet tall with up to 7 florets open at one time. Side shoots from one bulb will many times flower as well. \$1.75 for 10; \$15.00 per 100.

SNOW PRINCESS. (Midseason-Exhibition) This lovely variety is one of the most popular of all the whites. Purest white with slight cream markings in the throat. Long, straight flower stalk with many florets open at one time. For fine pastel shadings, arrange with “Elizabeth the Queen.” \$1.45 for 10; \$12.00 per 100.

SNOW VELVET. (Midseason-Exhibition) A sparkling frosty white. The ruffled florets are well placed on strong stems. Prize-winner. *See illustration*, page 5. \$1.75 for 10; \$15.00 per 100.

SPECIAL COLLECTIONS:

The exquisite color combination of the above basket has made us believe that our customers would like a special collection of these 14 NEW and fine varieties of Gladioli. All will be packaged in separate bags and labeled. We offer the following collections:

5 each total 70 bulbs — Catalog Value \$12.00 — **Special price \$11.50**

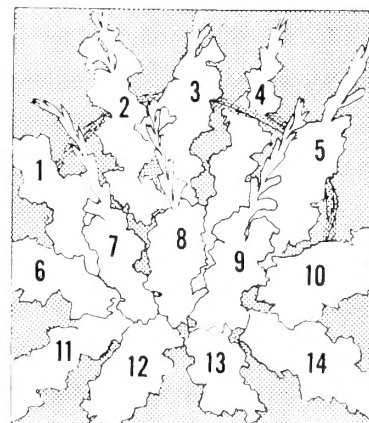

10 each total 140 bulbs — Catalog Value \$24.00 — **Special price \$23.00**

25 each total 350 bulbs — Catalog Value \$60.00 — **Special price \$55.00**

Full descriptions of varieties will be found in the alphabetical listings on pages 3 to 7, inclusive.

SPARKLING EYES. (Midseason-Exhibition) Tall grower. Bluish white with a well placed blotch of violet purple. A very beautiful variety. \$1.50 for 10; \$12.50 per 100.

SPIC AND SPAN. (Midseason-Decorative) A ruffled beauty of deep pink with a trace of orange in the throat; 10 and more florets open at one time on an extra strong flower spike. This lovely flower has won highest honors in all flower shows the past few years; exceptionally fine. *See illustration*, page 6. \$1.45 for 10; \$12.00 per 100.

THE RAJAH. (Midseason-Exhibition) Ranks as one of the leading purple varieties. Slightly ruffled. A very beautiful variety. \$1.45 for 10; \$12.00 per 100.

TIVOLI. (Midseason-Exhibition) A lovely clear light pink that is admired for the freshness that it creates in the garden or when cut. It may be said that it is the finest of all of the pure light pink Gladioli. Good strong grower with from 8 to 10 blooms open at a time. Fine strong stem. Prize-winner at the shows. \$1.50 for 10; \$12.50 per 100.

TROUBADOR. (Midseason-Exhibition) Beautiful light rose with a white spear-like blotch on the lower petals, an added attraction is the white pencil lined ribs. Prize-winner. *See illustration*, page 5. \$1.75 for 10; \$15.00 per 100.

VALERIA. (Early-Exhibition) This early light scarlet is the best in its color class, large beautifully ruffled blooms and heavy stems make it ideal for the garden or for cutting. An excellent combination for a bouquet would be "Gold." \$1.25 for 10; \$10.00 per 100.

VALOR. (Early-Exhibition) Perfectly ruffled. A rich rosy purple of rare beauty. Prize-winner. *See illustration*, page 5. \$1.75 for 10; \$15.00 per 100.

VIKING. (Early-Exhibition) Bright scarlet with bold white rib lines. This fiery scarlet is very beautiful. *See illustration*, page 5. \$1.75 for 10; \$15.00 per 100.

WHITE LACE. (Midseason-Decorative) This is truly a little gem. As pure white as an "Easter Lily" and the florets are delightfully ruffled; the ruffling seems to go down into the throat of the floret for an exquisite effect. A variety much in demand for center pieces and wedding decorations. \$1.75 for 10; \$15.00 per 100.

WINDERMERE. (Early-Exhibition) Rounded florets that are slightly ruffled. Clear pale pink with an enchanting fan of violet in the throat. Beautiful. *See illustration*, page 5. \$1.75 for 10; \$15.00 per 100.

All America Gladioli Selections

All America Gladioli Selections were started in 1954 and sponsored by the leading American hybridizers and growers. Trial plantings were made in all climates over the United States and Canada. Thirty-one Judges were chosen. Since that time 7 varieties have made the grade. All varieties are patented. The very finest.

(Color Illustrations on page 11)

NEW 1959 INTRODUCTIONS

JOYOUS. (Midseason-Exhibition) Patent applied for. New 1959 introduction. Ruffled beauty of pure rose with upper petals shaded lighter. Exquisite.

SPARKLER. (Midseason-Exhibition) Patent No. 1741. New 1959 introduction. Ruffled and fluted for a butterfly effect. Skillful blending of clear yellow shaded somewhat deeper as it surrounds the bright red lips.

EARLIER INTRODUCTIONS

APPLEBLOSSOM. (Early-Exhibition) Patent No. 1517. Snow white with flush of rose-pink toward edges of the petals. A 1956 introduction and a great prize-winner.

CARIBBEAN. (Early-Exhibition) Patent No. 1654. The delicate blue tones of this variety present an unusual combination of rare blue-violet. The petals are handsomely embellished by a rich, deep violet throat and a small cream spear. This 1956 introduction is a prize-winner.

EMPEROR. (Midseason-Exhibition) Patent No. 1655. A 1958 introduction. Rose-purple, a beautiful shade with a

pure white throat. Gracefully recurved petals well arranged on a strong spike. Prize-winner.

MAYTIME. (Early-Exhibition) Patent No. 1591. 1957 introduction. Beautiful shade of deep pure pink with large white throat. Florets nicely ruffled for a delightful effect.

ROYAL STEWART. (Midseason-Exhibition) Patent No. 1939. This 1957 introduction is a great prize-winner. Fine strong spikes with florets arranged in double row formation. Rich, clear light red.

PRICES OF ALL AMERICA VARIETIES: \$3.50 for 10; \$7.50 for 25; \$30.00 per 100.

SCHEEPERS' BULB FOOD

for

**GLADIOLI
MONTBRETIAS
IRISES
LILIES
DAHLIAS
*TULIPS
*NARCISSI
*and All Other
Bulbous Plants**

* Spread some "Scheepers' Bulb Food" over the ground before you cultivate for the first time in Spring, then work it in as you cultivate. Repeat this performance when the flower buds appear. These two feedings will result in exhibition blooms at flowering time. For natural-istic planting we suggest a third feeding in September.

We have been asked by many friends to tell them what sort of plant food we use in growing our choice bulbs. We told them we had a special formula that gave health and long life to these plants. A few prevailed upon us to make a quantity and let them try it in their own gardens. We did.

The extraordinary success that these gardeners met with and the enthusiasm resulting from it, have encouraged us to offer all our friends and patrons a chance to use the very same plant food in their attempt at producing healthy, luxuriant flowers with strong stems and exquisite colorings.

And so we present this opportunity for you to order some of SCHEEPERS' BULB FOOD, and we recommend that you try it with your next planting. It is almost entirely composed of organic matter and may be used with absolute safety in connection with the planting of bulbs at any time, in any soil, or with any other plants. It is also economical—a teaspoonful for each bulb is the average requirement.

A good plan is to spread a small quantity over the area where the bulbs are planted or around the growing plants before you cultivate. Worked into the soil in this way will show splendid developments in plants and flower buds.

We are sure that if you take advantage of this offer you will find it a very happy investment. (Directions for use contained in each bag or can.)

5-lb. (good for approximately 250 bulbs), \$2.50
25-lb. (good for approximately 1250 bulbs), 4.75

Scheepers' Miniature Gladioli

Delightful for vase arrangements and corsages.

These small-flowered Gladioli have received much attention the past few years. They are ideally suited for the bouquet as well as for informal or formal decorative arrangements. Varieties listed are all lovely and have been selected as the best of the newer varieties.

They lend a charm to the children's garden.

ATOM. This Miniature Gladioli has received much publicity for its fine colors and good growing qualities. Has a long flower head with 16 buds, 5 to 6 open at one time. A clear solid vermillion-red with a distinct silver penciling or picotee edge bordering each petal. \$1.45 for 10; \$12.00 per 100.

BETTY CO-ED. A lovely little gem. Soft creamy pink for a most pleasing effect. \$1.25 for 10; \$10.00 per 100.

DOLORES. Light pink with a creamy white throat. One of the finest. \$1.35 for 10; \$11.00 per 100.

LITTLE GOLD. This is one of the finest little golden orange Gladioli to date. Like a California poppy. Nicely ruffled and ideal for decorative purposes. \$1.45 for 10; \$12.00 per 100.

LOVELINESS. Pale pink with pointed petals and the florets face up for a very charming effect. \$1.25 for 10; \$10.00 per 100.

OCEAN SPRAY. Creamy white with a deeper throat. Early flowered and a fine cut flower. \$1.45 for 10; \$12.00 per 100.

PINT SIZE. Smallest of all. True miniature lavender with a tiny cream throat. Winner of many Blue Ribbons. \$1.60 for 10; \$13.50 per 100.

STARLET. Pure white. This is the best of the white Miniature Gladioli and is always a prize-winner. The florets are delightfully ruffled. Very beautiful. \$1.45 for 10; \$12.00 per 100.

STATUETTE. Clear yellow with a dark reddish throat mark. Nicely ruffled. \$1.50 for 10; \$12.50 per 100.

THOMAS E. WILSON. Jasper red with a soft cream throat. The florets face up and are just about 1½ inches wide. \$1.35 for 10; \$11.00 per 100.

SPECIAL MINIATURE MIXTURE

Our mixtures are made up for each individual order to assure a well balanced mixture of colors. The Miniatures are beautiful for cutting and arrangement. Plant some each week for beautiful cut flowers all summer long. First planting may be made just as frost leaves the ground, then plant every 10 days until July 15th.

\$3.00 for 25; \$11.00 per 100; \$90.00 per 1000.

Schepers' Gladioli Mixtures

FOR THE CUTTING GARDEN

Named Varieties that appear in our Catalog Mixed By Hand for each order.

This assures a well balanced color combination.

LARGE FLOWERED DELUXE (all colors). These choice corms are assembled as mentioned above and offered as a "Deluxe Mixture" of named varieties. This is very valuable material for the cutting garden. \$2.75 for 25; \$10.00 per 100; \$85.00 per 1000.

MINIATURE (all colors). Smaller of flower, wiry of stem, dainty of form, they lend themselves particularly for artistic arrangement, and their decorative value is great as cut flowers for baskets, vase or other decoration. \$3.00 for 25; \$11.00 per 100; \$90.00 per 1000.

MIXTURES ARRANGED TO SPECIFIC SHADES

The following SPECIAL MIXTURES are offered in specific shades, making them ideal for cut flower purposes where a certain color combination is desired. Large flowered varieties only:

Blue and Lavender Shades Orange and Yellow Shades Pink and Rose Shades
White and Light Shades Red and Scarlet Shades

\$3.00 for 25; \$11.00 per 100; \$90.00 per 1000

Plant a few rows of Gladioli in your vegetable garden—they will add beauty to this spot and at the same time provide a cutting patch for indoor decoration.

Make plantings weekly—then you are assured of cut flowers all summer long.

"He who becomes impassioned of a flower, a blade of grass, a butterfly's wing, a nest, a shell, wraps his passion around a small thing that always contains a great truth."
—MAETERLINCK

OUR Gladioli Corms reach you absolutely free from thrips

(For Finest Results Spray the Plants)

Infestations may inadvertently come in from a neighboring untreated planting or may originate from bouquets of infested cut flowers that are consigned to the refuse heap after they have lost their freshness. In such cases spraying is recommended as a preventive or control.

Since the thrips are difficult to find on the foliage, a careful examination of the plants should be made as soon as they are up five or six inches, and if any "silvered" spots are noticed, the plants should be sprayed with a solution of tartar emetic, brown sugar, and water, prepared as indicated below. This solution does not injure the Gladiolus foliage as does the paris green and brown sugar combination formerly recommended.

	<i>Small Quantity</i>	<i>Large Quantity</i>
Tartar Emetic	1 ounce	2 ounces
Brown Sugar	4 ounces	8 ounces
or Molasses	5 tablespoonfuls	10 tablespoonfuls
Water	1½ gallons	3 gallons

The tartar emetic, like the brown sugar, is soluble in water. These ingredients should be stirred in a small quantity of water until dissolved and then diluted up to the quantity desired. If molasses is used, it can be added after tartar emetic has been dissolved. No agitation is required with this spray.

They have been treated with DDT during winter storage and again just before shipping.

Careful spraying, repeated weekly or every ten days until flowering begins, will do much toward insuring a normal crop of flowers. This can only be accomplished by destroying the insects before they have an opportunity to enter the buds.

To obtain the best results it is necessary to use a sprayer capable of sufficient pressure to produce a fine mist spray that will cover all leaf surfaces of the plant with tiny droplets. Do not apply so much spray that these droplets will unite and run off. If rain occurs within twelve to twenty-four hours after the application, the spray should be repeated.

If the spraying has been started early, and while the plants are small, the infestation should be so greatly reduced that no further treatments need to be made after the appearance of the first flowers. However, the last spray application should be so timed that it will be made as close to the beginning of the flowering period as possible.

For the convenience of our clients, we will be pleased to supply tartar emetic at the following prices:

Tartar emetic: ½-lb. package @ \$1.50 each
1-lb. package @ 2.75 each

MY GARDEN OF DREAMS

"There are gardens that are outbursts of rhythmic expression of purest idealism as truly as the noblest poem ever written. There are garden effects that are pure lyrics, garden scenes charmingly idyllic. There are gardens as free and spontaneous as the outbursts of a Blake or the delicious melodies of a Proctor, gardens that have all the melodies and grace of one of Swinburne's creations. There are gardens as rich in expression as the poetry of Keats, others as chaste and pure under classic restraint as the poems of Matthew Arnold, or varied in poetic elements, yet with complete and even balance, as the sustained compositions of Tennyson. Nature is limitless in her works and moods. It needs only that the garden poet understand her moods and have skill in using her gifts to give her voice."

—ABRAM LINWOOD URBAN

Montbretias

Graceful, Sparkling Flowers of Midsummer
(See color illustrations on page 30)

They reflect the colors of the advancing season and lend a charming gaiety and lightness to the borders. For the best effect the bulbs should be set only a few inches apart, and in groups of not less than ten, toward the front of herbaceous borders or shrubbery. Thus planted, the sheaves of narrow leaves and slender, wiry arching stems strung with brilliant flowers, like miniature Gladioli, have the appearance of little fountains of bright color—rose, scarlet, yellow, orange, red, often marked with brown. They will flower for many weeks, from August into late October and set at intervals in a border, where blue and white flowers predominate, are delightful indeed with such gay patches of color. They may be planted from the earliest spring days until late June, according to the flowering dates you prefer. Long lasting qualities make Montbretias most desirable for cutting.

Large Flowered New Earlham Hybrids

HIS MAJESTY. Widely expanded flowers, remarkable for their great size, they are of pronounced rich yellow in the center, shading to brilliant scarlet with three segments heavily covered towards their tips with a rich crimson. The largest of all Montbretias. See color illustration, page 30. \$1.45 for 10; \$12.00 per 100.

JAMES COEY. Very large, well-expanded flowers of perfect form, with smooth broad petals, rich, deep vermilion-scarlet with golden orange lustre, center yellow with crimson blotches, very handsome. Award of Merit Royal Horticultural Society London. \$1.25 for 10; \$10.00 per 100.

JOAN OF ARC. Flowers very large and open, of perfect form with smooth broad petals, rich deep golden color, slight crimson markings in center, reverse of petals flushed orange. \$1.45 for 10; \$12.00 per 100.

LADY HAMILTON. Tall growing and producing large flowers of apricot yellow, with no other markings. Very beautiful. \$1.25 for 10; \$10.00 per 100.

LADY WILSON. One of the finest of the new Montbretias. Very large bright yellow flowers with orange sheen. A prize-winner and very handsome. See illustration, page 30. \$1.50 for 10; \$12.50 per 100.

NORWICH CANARY. A very fine variety and one of the lightest shades. Light canary yellow. Fine large flowers and a good grower. \$1.45 for 10; \$12.00 per 100.

PRINCESS. Brilliant ruby-scarlet flowers, yellow center that has small crimson blotches, very effective. A beautiful variety. \$1.45 for 10; \$12.00 per 100.

QUEEN MARY. A beautiful shapely flower, pale yellow petals with red tips and three of the petals crimson on the reverse side. Very attractive. \$2.00 for 10; \$17.50 per 100.

RHEINGOLD. Deep golden yellow, well expanding flowers having petals of very strong texture. Very fine. \$1.75 for 10; \$15.00 per 100.

STAR OF THE EAST. One of the finest Montbretias ever raised; flowers pale orange-yellow, with lemon yellow eye, expanding quite flat and held erect. The flowers are very large with best blooms often measuring five inches across. The size, vigor, color and habit are magnificent and unequaled. \$2.00 for 10; \$17.50 per 100.

SCHEEPERS' NEW EARLHAM HYBRID SPECIAL COLLECTIONS

No. 1

Consisting of 10 extra selected bulbs each of the above extra fine varieties.

TOTAL 100 HIGHEST QUALITY BULBS

Regular Catalog Price \$15.55

Special Collection Price \$12.50

No. 1A

Same as the above, only half the quantity, 10 varieties as listed 5 bulbs each.

TOTAL 50 HIGHEST QUALITY BULBS

Regular Catalog Price \$7.78

Special Collection Price \$6.50

SCHEEPERS' NEW EARLHAM HYBRID MIXTURE

A very choice mixture of named varieties of the Large Flowered New Earlham Hybrids. Each order is individually prepared so that a well balanced mixture can be assured.

25 HIGHEST QUALITY BULBS \$2.50

50 HIGHEST QUALITY BULBS \$4.75

100 HIGHEST QUALITY BULBS \$9.00

The long lasting qualities of Montbretias make them most desirable for cutting. It is well to have a few hundred bulbs set out in some byplace where the graceful stems may be copiously cut for house and piazza decoration.

DOUBLE RUFFLED CAMELLIA BEGONIAS
(See color illustration, page 30)

DOUBLE RUFFLED CAMELLIA. This is the most popular type of all due to the exquisite formation of the flowers. They are excellent for planting in the border—in solid beds—or as specimen pot plants for patio decoration. Fine for window boxes too! Make excellent cut flowers. Available in the following colors:

Flesh Pink	White	Dark Red
Golden Yellow	Apricot	Mixture of all colors

\$3.50 for 5; \$6.50 for 10; \$15.75 for 25; \$62.50 per 100.

PICOTEE. (Color illustration, page 30). Blooms are like Camellia type except that they have a pencil stripe around each petal of the bloom. Very beautiful and attractive. Available in mixture of pastel shades only. \$3.50 for 5; \$6.50 for 10; \$15.75 for 25; \$62.50 per 100.

HANGING BASKET BEGONIAS. (Illustration right). Delightful for piazza and summer house decorations as well as the rockery and window boxes. Often hundreds of blossoms from one of our large bulbs. Available in the following colors:

Salmon Pink	Golden Yellow	Dark Red	White
Mixture of all colors			

\$3.50 for 5; \$6.50 for 10; \$15.75 for 25; \$62.50 per 100.
(Ten inch wire mesh hanging baskets with chain \$2.25 each)

MIXTURE OF ALL TYPES. In response to many requests for a collection containing all types and colors (except Hanging Basket types) we are pleased to make such an offer. Such mixtures will be made up for each individual order to assure a well balanced and colorful collection of bulbs. No difference in size of bulbs! We handle only one size — Our Superior Quality Bulbs. \$3.25 for 5; \$6.00 for 10; \$14.75 for 25; \$55.00 per 100.

Tuberous Rooted *Begonias...*

SCHEEPERS' SUPERIOR QUALITY CALIFORNIA GIANTS

- *American Grown Bulbs!*
- *Shade Loving Plants — Easy to Grow!*
- *Flower All Summer Long from May to Frost!*
- *Colorful Leaves Added Attraction!*
- *Our Superior Quality Bulbs Produce Heavy Strong Plants Immediately!*

(Planting and cultural instructions sent with each order)

Our special exclusive strain represents the finest from California. All our bulbs are selected in the field at flowering time and we therefore can guarantee their trueness to type and color. (Hundreds of letters were received last summer from our clients telling us that they had never seen such exquisite flowers and fine healthy plants.) Bulbs are ready for immediate delivery should you wish to start them indoors for planting in the garden later, or, we can ship at regular outdoor planting time in your garden border.

These colorful shade loving plants give an abundance of flowers from the end of May until frost; not only do the beautiful flowers add charm to that sometimes difficult spot in the garden, the leaf formations are most exquisite. Ideal cut flowers for vases or bowls—in the latter they may be used to float on the water for exquisite artistic arrangements.

* * *

HANGING BASKET BEGONIAS

CARNATION BEGONIAS

CARNATION BEGONIAS. Delightful flowers of a true carnation shape (see illustration above) with each petal nicely frilled and serated edges. Fine for garden planting, pot plants and when cut. Make beautiful corsages. Available in the following colors:

Flesh Pink	Dark Red
Golden Yellow	White

Mixture of all colors

\$3.50 for 5; \$6.50 for 10; \$15.75 for 25; \$62.50 per 100.

SELECTED NAMED VARIETIES

So fine were these special types that they were segregated and named. All were pictured in "LIFE" magazine a short time ago and it caused much demand for these special named varieties. Supply Limited.

AUTUMN GLOW. An extremely large flower of the Cristata type, the crest being a deep copper, contrasting with the rest of the flower which is apricot. Blossoms often are 10 inches across. The foliage is very attractive and much more luxuriant than any other Tuberous Rooted Begonia.

RED TRIUMPH. This is a Camellia type bloom that has delightfully ruffled petals. Color is ruby-red with a velvety texture to the bloom. Very beautiful.

SUNSET. This is a Single Frilled or Crispa type with a delightful picotee edge. The color is light copper and each petal has an edging of scarlet. Very outstanding and attractive.

STARS AND STRIPES. Double Camellia type bloom. Flowers are brick red speckled with white and very beautiful indeed.

Any of the above 4 varieties are priced as follows: \$5.00 for 5; \$9.00 for 10; \$20.00 for 25.

SUNSET

*"God spoke! and from the arid scene
Sprang rich and verdant bowers,
Till all the earth was soft and green,—
He smiled; and there were flowers."*

—FENOLLOSA

MULTIFLORA BEGONIAS. (Illustrated below). Large numbers of small flowers are produced on short growing plants—ideal for edgings along the border or wild path—also ideal for pot culture. Supplied in mixture of pastel shades only.

\$3.50 for 5; \$6.50 for 10; \$15.75 for 25; \$62.50 per 100.

MULTIFLORA BEGONIAS

Miscellaneous Bulbs, Roots and Plants

For Flowering all Summer Long

ACIDANTHERA MURIELAE

Delightfully Fragrant

FRAGRANT ABYSSINIAN SWORD FLOWER. Foliage, general growth and habit of the Gladioli. Delightfully fragrant cream white flowers with a decided blotch at the base of each petal of plum purple. August and September flowering, same culture as for Gladioli. The JUMBO BULBS that we offer will produce more than one flower spike. Extra Selected Jumbo Bulbs, \$1.55 for 10; \$13.00 per 100.

THE LOVELY FRAGRANT ACIDANTHERA (See above)

AGAPANTHUS UMBELLATUS

AGAPANTHUS UMBELLATUS

(Blue Lily of the Nile)

These "African Lilies" are favorite plants for the conservatory or on the terrace garden or patio. Great umbels of trumpet flowers (30 or more when established) are produced on tall stems 3 to 5 feet high. The handsome foliage is an added attraction. Flowering period, July and August. For pot or tub specimens.

HEAVENLY BLUE. Extra large root divisions, \$1.50 each; \$4.00 for 3; \$12.00 for 10.

PURE WHITE. Extra large root divisions, \$2.50 each; \$6.00 for 3; \$17.00 for 10.

CALLA LILIES

ELLIOTTIANA. The Golden Yellow Calla. Very fine for garden planting. Our large jumbo size bulbs will produce several flowers during the growing season. The beautiful large green leaves are charmingly spotted white. Extra selected bulbs, \$2.50 for 3; \$7.50 for 10; \$15.00 for 25.

REHMANNI. The Pink Calla. Not as tall as the yellow calla. Many flowers are produced during the growing season; delightful leaves. Quite rare. Extra selected bulbs, \$2.50 for 3; \$7.50 for 10; \$15.00 for 25.

FUNKIA

UNDULATA VARIEGATA. (Plantain or Day Lily) This delightful plant (also known as Hosta) may be grown in sun or shade and is very valuable as a ground cover. The leaves are a delightful light green with a white margin and are produced in large quantities from one plant. The flower stem is 24 inches tall and the blossoms, of light blue in umbels, are produced in profusion all summer. Fine for ground cover for a lily bed where it gives the much needed shade at the roots, also may be grown for a lovely effect in thin woodland as specimen plants. Increases rapidly. \$4.50 for 10; \$11.00 for 25; \$42.50 per 100.

CALADIUM — FANCY LEAVED

Variegated leaved plants that are very popular for colorful effects. They will thrive in full sun or partial shade. New leaves are produced all summer long to keep the plants fresh and colorful. Fine for border planting and as edging—beautiful with Begonias. May also be used as pot plant specimens. Plant 12 to 18 inches apart—grow 1 to 1½ feet high.

ACE OF HEARTS. Rose with Scarlet veins.

CANDIDUM. White with Green veins.

MRS. SANDERS. Green blotched Rose.

RED ENSIGN. Bright Red with Green border.

(Also Finest Mixture)

Extra Large Heavy Bulbs. \$4.00 for 3; \$12.50 for 10; \$26.00 for 25.

GALTONIA CANDICANS

Hyacinthus Candicans

The Great Snow White Summer Flowering Hyacinth. This Cape Hyacinth is a valuable summer-flowering bulb with long, slender leaves and a candelabra-like arrangement of thirty or so pure white, bell-shaped blossoms borne on a scape from 3 to 4 feet tall. Distributed about the borders in groups or massed against shrubbery, they are very effective, giving lines of definition and strength to the riotous growth of summer flowers. Planted with Gladioli they form an imposing contrast and last a long time in bloom. In every way they may be treated like Gladioli, but south of Philadelphia the bulbs may be left out-of-doors over the winter with a light covering and will increase and give better results every year. Extra selected bulbs, \$3.00 for 10; \$7.00 for 25; \$27.00 per 100.

GLORIOSA

The climbing Lily of South Africa

The lovely large reflexed lily-like flowers are very beautiful indeed. The stamens and pistel are very pronounced greatly adding to their beauty. One flower arranged in a corsage will immediately cause attention as they are not well known and look so much like an orchid. Need some support—a trellis or canes as they climb 3 to 5 feet. Also fine as pot plants where they can be trained for effect on well arranged wires. 15 and more flowers per plant.

ROTHSCHILDIANA. Orange with scarlet tips to the petals. Beautiful yellow anthers. Extra selected large tubers: \$1.75 each, \$5.00 for 3.

HIBISCUS (Rose Mallow) HARDY

New Hybrids of rare merit. Flowers are as large and larger than a dinner plate. Strong plants with extra good foliage. Covered with flowers July to frost.

CLOWN. Height 5½ ft. Beautiful light pink with dark eye.

POINSETTIA. Height 6 ft. Deep rose pink.

SATAN. Height 5½ ft. Deep red—a beautiful plant.

Extra selected roots. \$3.50 each; \$10.00 for 3.

GALTONIA CANDICANS

ISMENE CALATHINA

ISMENE

Peruvian Daffodils

CALATHINA. Lily white flowers resembling an Amaryllis. The trumpet-like blooms are borne in clusters of from 3 to 4 flowers each. They flower about 6 weeks after planting. Delightful lily-like fragrance that is lovely. Extra selected large bulbs, \$6.75 for 10; \$16.50 for 25; \$65.00 per 100.

CALATHINA ADVANCE. While this new variety is the same color as Calathina the flowers are twice as large and it grows two feet high; very outstanding in the garden or grown as a pot plant. Delightfully fragrant. \$8.75 for 10; \$21.00 for 25.

TREATISE ON MISCELLANEOUS BULBS

ACIDANTHERA — Excellent for cutting, delightful fragrance.

AGAPANTHUS — Pot or tub specimens for the Patio.

CALADIUMS — Pot specimens or border.

CALLA — Specimens in border, around the pool.

FUNKIA — Especially as ground cover for Lilies.

GALTONIA — Focal points in border, tall, exotic.

GLORIOSA — Around the Sun Dial or other climbing object, blossoms as corsages.

HIBISCUS — For screening a void area, as quick cover, large colorful blooms.

ISMENE — Border specimens, cutting for corsages, fragrance.

LUPINES — Tall straight spikes, like garden sentinels.

LYCORIS — Naturalize in wild path or in clumps in front of hedge row, effect delightful at distance.

OXALIS — Perfect for edging, delightful leaves, pretty blossoms a few weeks after planting and all summer long.

SPREKELIA — Garden specimens, as focal point.

TIGRIDIAS — To brighten that sunny spot.

TRITOMAS — Specimen plants.

TUBEROSES — Exotic garden fragrance, make beautiful corsages.

LUPINUS — Russell Hybrids

(Extra Hardy Type)

These long, symmetrical, closely furnished spikes with their distinctive colorings add great charm and glory to the border. Full red, clear yellow, pink and white, blue and white, and brown and cream are only some of the shades appearing in the fine mixture. 2 to 3 feet tall, they start to flower in June, continuing through the summer.

SCHEEPERS' SPECIAL MIXTURES of extra choice kinds. All specially selected for their fine qualities. Extra heavy, selected plants \$3.00 for 3; \$8.00 for 10; \$17.50 for 25; \$60.00 per 100.

LYCORIS

SQUAMIGERA. (Amaryllis Halli) A perfectly hardy bulb of the Amaryllis family. They produce attractive green foliage in the early spring which later dies away. About a month later (August) the flower stalks appear, growing about two feet high, and developing an umbel of large, Lily-shaped, delicate mauve-pink flowers. Excellent for naturalizing. *See illustration below.* Extra selected bulbs. \$3.00 for 3; \$9.50 for 10; \$23.00 for 25; \$90.00 per 100.

OXALIS

DIEPPE. Four leaf clover plant. Bright green clover-like leaves with coppery red flowers, 8 inches high, throughout the summer. Fine for naturalizing, for planting in the rockery as well as for a border plant. Make attractive pot plants as well. \$2.25 for 25; \$4.00 for 50; \$7.00 per 100.

LYCORIS SQUAMIGERA (THE LOVELY PINK AMARYLLIS HALLI)

SPREKELIA FORMOSISSIMA — MEXICAN FIRE LILY

MEXICAN FIRE LILY *Jacobeian Lily*

SPREKELIA FORMOSISSIMA. A fantastically beautiful flower of glowing velvety scarlet. Flowering from May through August, the Orchid-like bloom is ideal for cutting or the garden. It is carried on a strong stem 18 inches high and the glowing scarlet flowers are 6 to 8 inches wide and of the same depth. May also be grown indoors planted in pots or bowls.

A few—**JUMBO EXHIBITION SIZE BULBS**—\$3.00 for 3; \$8.50 for 10; \$17.00 for 25.

Limited Supply—**EXHIBITION SIZE BULBS**—\$2.00 for 3; \$6.00 for 10; \$12.00 for 25.

TIGRIDIAS

See illustration, right

Known also as the "Tiger" or "Mexican Shell Flower," few garden or conservatory plants can compare with them for brilliance. Colors vary from yellow and white to brilliant scarlet, all being deeply blotched and specked with crimson and maroon. Clumps of them planted in the borders are gorgeous. They flower all summer long.

PAVONIA ALBA. Very beautiful white.

PAVONIA CANARIENSIS. Very attractive yellow.

PAVONIA ROSE GIANT. Deep carmine-rose.

PAVONIA RED GIANT. A most attractive red.

Prices on above: \$1.50 for 10; \$3.25 for 25; \$12.50 per 100.

PAVONIA HYBRIDS. (Mixed) Very fine mixture, well graded. \$1.25 for 10; \$2.75 for 25; \$10.00 per 100.

TRITOMA

Red Hot Poker or Torch Lily

They grow from 3 to 4 feet high and send up a continuous display of flowers from late June until frost. Straight as a poker the lovely blossoms are produced on strong stems, the flower is 8 to 10 inches long and consists of hundreds of little bells coming out from the stem and about ¾ inches long — thus the name Red Hot Poker.

ROBUSTUS. Yellow at the bottom of the flower, with flaming scarlet top. A real red hot poker. Extra selected roots, \$2.00 for 3; \$6.00 for 10; \$12.00 for 25.

TUBEROSES

Fragrance of the Gardenia

(See illustration on page 36)

DOUBLE PEARL, EXCELSIOR. Beautiful pure white flowers of delicious fragrance. The umbel of blooms of waxlike texture are held on strong stems. Very fine for cut flowers and prized in the garden for their exotic fragrance. Extra selected bulbs, \$2.25 for 10; \$5.50 for 25; \$20.00 per 100.

MEXICAN SINGLE EVERBLOOMING. Same as above, only single flowers. Four to five flower stems from each bulb. Extra selected bulbs, \$2.25 for 10; \$5.50 for 25; \$20.00 per 100.

TIGRIDIA "MEXICAN SHELL FLOWERS"

Hemerocallis

*Increase garden Beauty —
reduce labor costs.*

Day Lilies — Delightfully Fragrant

EASY TO GROW — FLOWER ALL SUMMER LONG — REPRODUCE QUICKLY TO COVER
A BARE SPOT IN THE GARDEN — REQUIRE LITTLE CARE — DISEASE RESISTANT —
FRAGRANCE LIKE A LILY WITH THE LINGERING PERFUME OF THE GARDENIA

After careful study and trial of all the leading varieties that have been produced by the best hybridists in the country, we feel that our list of varieties is the finest obtainable. They appear on the Honor Roll of the 100 best varieties as selected by members of The Hemerocallis Society.

From early spring until frost this group of "Lilies" demands no special care in the garden. They are unsurpassed as to hardiness, freedom from disease and insect pests. Their five-month flowering period of bloom—still more for a southern garden where they will bloom two or three times a year—make them valuable as a cut flower, in a perennial border, on slopes or banks to prevent soil erosion and for naturalizing in the garden or field.

Of easy and simple culture, they demand a reasonably moist soil, fairly rich, and prefer, but do not require, slight shade.

Absolutely hardy in all parts of the country. Blooms produced freely throughout the season. No bleaching, curling or wilting prematurely. Flowers during the evening. Placement of flowers, up and above the foliage. Fine strong stems. Foliage that is healthy to beautify the garden.

ANNIS VICTORIA RUSSELL. July, August flowering. Height, 32 inches. Finest yellow with a flush of apricot-orange deep in the bloom. Delightfully fragrant with strong stems and many flowers nicely arranged. It will be greatly admired in the garden or when cut for indoor decoration. Extra selected roots. Each \$1.75; \$15.00 for 10.

CABALLERO. June, July flowering. Height, 42 inches. Very brilliant attracting immediate attention in the garden. It is a bicolor with petals of vermillion red, sepals and throat are golden yellow. Extra selected roots. Each \$1.75; \$15.00 for 10.

HYPERION. July, August flowering. Height, 42 inches. One of the best and highest rated clear yellow Hemerocallis. The flowers are extra large and are clear lemon-yellow throughout, no other markings. Good strong grower and fine foliage for a delightful contrast. Extra selected roots. Each \$1.50; \$13.50 for 10.

MRS. HUGH JOHNSON. July, August flowering. Height, 38 inches. A delightful new bright red with a Gardenia fragrance. The flower has a satiny sheen and is lovely indeed. Fine strong foliage and stem. Extra selected roots. Each \$1.75; \$15.00 for 10.

MRS. W. H. WYMAN. August flowering. Height, 42 inches. A marvelous hybrid of a very pale glistening yellow. Delicate in color and form. Very attractive. Extra selected roots. Each \$1.50; \$13.50 for 10.

Our Hemerocallis prices are based on the supply of our extra heavy field grown roots that will give finest results this season of bloom.

MANCHU. July, August flowering. Height, 38 inches. Very beautiful variety. Soft apricot with shadings to orange in the throat. Strong grower with good strong foliage. Extra selected roots. Each \$1.50; \$13.50 for 10.

PATRICIA. June, July flowering. Height, 30 inches. This was second choice of recent poll, scoring 93.7 points. Pale, uniform yellow with tinge of lemon-chrome and greenish throat. The 5-inch blooms are very shapely. Exceptionally good evening bloomer. Extra selected roots. Each \$1.50; \$13.50 for 10.

RED SOX. June, July flowering. Height, 38 inches. For a red this is the most brilliant of all in the collection. The flowers are very large, long lasting and very beautiful. Should be in every collection. Extra selected roots. Each \$1.75; \$15.00 for 10.

Novelties

ATEN. July, August flowering. Height, 34 inches. Flowers are very large and of great substance. Glistening Nasturtium orange with flaring petals to the bloom. Very strong grower. One of the finest. Extra selected roots. Each \$2.50; \$22.50 for 10.

ATLAS. June, July flowering. Height, 36 inches. This new variety has heavily ruffled flowers which is an added attraction. The flowers are very large and light yellow. Fragrant. Extra selected roots. Each \$5.00; \$45.00 for 10.

AUGUST PINK. August flowering. Height, 36 inches. One of the finest pink varieties to date. This late flowering beauty is a delightful contrast with the rich green foliage. Attracts immediate attention. Each \$5.00; \$45.00 for 10.

EVELYN CLAAR. June, July flowering. Height, 30 inches. This prize-winner is one of the finest in the new pink varieties. Petals are very broad and flaring. Salmon-pink with this color running deep into the golden throat. Award of Merit 1955. Each \$3.50; \$32.50 for 10.

JERSEY CREAM. June, July flowering. Height, 32 inches. Blooms of this very fine variety and well placed on strong stiff stems. It is a very pale creamy yellow. Strong grower and great producer of blossoms. Each \$6.00; \$55.00 for 10.

LITTLE CHERUB. May, June flowering. Height, 12 inches. This little gem is fine for the rock garden or as a low border plant. Beautiful clear yellow, well shaped blooms and very graceful. Each \$1.75; \$15.00 for 10.

MARIONETTE. July, August flowering. Height, 36 inches. The large blooms, 5 inches and more across are a delightful shade of rich Buttercup yellow. A band of mahogany greatly enhances the beauty of this fine variety. Each \$2.50; \$22.50 for 10.

PATRICIA

ORANGE BRIGHT. June, July flowering. Height, 36 inches. Broad petaled vivid orange self color. The flowers are large and well placed on strong stems. The bright colors for a focal point in the garden. Each \$4.50; \$42.50 for 10.

SLEIGH BELLS. June, July flowering. Height, 32 inches. The wish for a white Hemerocallis is almost reached in this fine variety. Light cream. Strong grower and a very fine variety. Each \$4.50; \$42.50 for 10.

ASPIDIUM MARGINALE
(Evergreen Wood Fern)

ADIANTUM PEDATUM
(Maidenhair Fern)

POLYSTICHUM ACROSTICHOIDES
(Christmas Fern)

Ferns

Every good garden requires the grace and charm of our native ferns. We list 8 of the most popular and best varieties for garden culture. They are all hardy and not too particular as to the soil conditions, so you are assured of good growth. Our suggestions as to location of planting coincides with their natural habitat. Excellent for the woodland where soon you will have colonies for a lovely effect.

ADIANTUM PEDATUM (Maidenhair Fern). One of the better known ferns quite at home in most situations. Prefers partial shade. Fronds are delicate on a pedicel 6 to 18 inches high. Grows in clumps. Excellent for woodland. Extra selected clumps, \$4.50 for 10; \$10.00 for 25.

ASPIDIUM MARGINALE (Evergreen Wood Fern). Medium height, strong structure. One of the hardiest of ferns, growing as easily on ledges as in lowland. A good companion for "Aspidium Spinulosum." 2 to 3 feet high. Extra selected clumps, \$4.50 for 10; \$10.00 for 25.

ASPIDIUM SPINULOSUM (Toothed Wood Fern). Another evergreen with lace-like fronds. Used extensively in bouquets of flowers. Prefers moist places. Excellent for woodland. Height, 1½ to 2 feet. Extra selected clumps, \$4.50 for 10; \$10.00 for 25.

ASPLENIUM FELIX-FOEMINA (Lady Fern). A lovely fern, 2 to 3 feet in height, preferring moist soil. Very hardy. Clumps growing increasingly larger. Extra selected clumps, \$4.50 for 10; \$10.00 for 25.

DICKSONIA PUNCTILOBULA (Hay Scented Fern). A medium sized, light green fern, easy to grow. Forming endless carpets when planted in open pastures. One of the best for open border. Height, 2 feet. Extra selected clumps, \$4.50 for 10; \$10.00 for 25.

ONOCLEA STRUTHIOPTERIS (Ostrich Fern). A very hardy, handsome fern. Dark green, symmetrical, growing up to 5 feet. A separate seed stalk, plume shaped remains during the winter. Excellent for foundation planting, woodland and lowlands. Extra selected clumps, \$4.50 for 10; \$10.00 for 25.

OSMUNDA CLAYTONIA (Interrupted or Flowering Fern). A large, tall-growing fern whose fronds are interrupted with seed spores early in the summer. Fronds up to 8 inches wide and 4 feet tall. Extra selected clumps, \$4.50 for 10; \$10.00 for 25.

POLYSTICHUM ACROSTICHOIDES (Christmas Fern). An evergreen fern, 9 to 18 inches high, similar to the "Boston Fern." One of the hardiest, excellent for planting among shrubs of foundation plantings. Will stand open sun. Excellent for woodland. Extra selected clumps, \$4.50 for 10; \$10.00 for 25.

Special prices on 100 or 1000 lots — supplied on request.

COMPLETE FERN GARDEN COLLECTION

This complete collection of Ferns consisting of the 8 varieties listed on this page is excellent for planting in the perennial border, a foundation planting for a wall or house, or throughout the woodland. Planted according to the recommendations in the descriptions, keeping variation of heights in mind, they can be made into a delightful Fern Arboretum. The cut fronds are lovely too for indoor decoration.

Wild Flowers

(PLEASE ORDER EARLY)

Of the thousands of varieties that are known many are not suitable for transplanting from their natural habitat. We have selected 7 varieties that may be planted in the spring for finest effect this season. Many are nursery grown. They are all hardy and will increase in beauty with each season's growth, with a minimum of care. Good woody soil being the most important requirement.

We have noted in our description of the plants the most suitable situation for growing. They will all thrive in the perennial border with just a little extra care to their requirements. Beautiful foliage, flowers and unusual in most gardens. Fine for the Woodland Garden, under the Trees, along the Brook, Rock Gardens and Rocky Ledges and lovely in the Perennial border.

AQUILEGIA CANDENSIS (American Columbine).

Brilliant scarlet and yellow. 1 to 2 ft. Prefers rocky soil, sun or semi-shade. May and June flowering. Border and semi-woodland. Extra selected plants, \$4.00 for 10; \$9.00 for 25.

ARISAEMA TRIPHYLLUM (Jack-in-the-Pulpit).

Attractive single flower. Bulbous plant ranging from 6 inches to 3 feet. Interesting flower with reddish colored seed cluster replacing flower. April to July flowering range. Prefers moist soil but will grow under most average conditions. Woodland or north side foundation plantings. Extra selected plants, \$4.00 for 10; \$9.00 for 25.

HEPATICA ACUTILOBA (Sharp-lobed Hepatica).

An evergreen plant 6 to 8 inches high with beautiful mottled leaves. Flowers are lilac-white to pale purple and produced in May and June. Fine for a ground cover in shady moist place; also good in the rockery. Extra selected plants, \$4.00 for 10; \$9.00 for 25.

HEPATICA TRILOBA (Round-Leaf Hepatica).

The vivid colors of these flowers from deep pink through blue make it very valuable in the garden or rockery. In addition, the fall colorings of the leaves form deep scarlet red to rich brown are most attractive. Readily naturalized and it may be planted in full sun. \$4.00 for 10; \$9.00 for 25.

LOBELIA CARDINALIS (Cardinal Flower).

A hardy plant, 2 to 4 feet high, bearing long spikes of brilliant red flowers. Especially attracts Ruby-throated Humming Birds. Suitable for moist brookside, borders or foundations, liking sun as well as shade. August and September flowering time. Extra selected plants, \$4.00 for 10; \$9.00 for 25.

MITCHELLA REPENS (Partridge Berry).

A very beautiful trailing plant. Is evergreen, having a fragrant small bell-shaped flower but more attractive red berries which have a distinct flavor later in the season. An excellent ground cover in moist woodlands and side hill situations. Extra selected plants, \$4.00 for 10; \$9.00 for 25.

TIARELLA CORDIFOLIA (Foam Flower).

A dainty trailing plant that should be in every wild flower garden as it is so easy to grow. It prefers some shade but will grow in the sun. The flowers are produced in masses on stems 10 inches high in late May. The heart shaped leaves turn bronzy red in the fall and remain colorful on into the winter months. Soon spreads and makes a nice ground cover. Late May flowering. \$4.00 for 10; \$9.00 for 25.

LARGE FLOWERED
EXTRA HARDY
VARIETIES

Iris Kaempferi

(Late June, July Flowering)

INCREASE WITH
EACH SEASON'S
GROWTH

ALL PRIZE-WINNING VARIETIES

The best skill of the ingenious hybridists has been extended to bring this, their splendid creation, to a high state of perfection. Today the great blossoms, which seem variously to be fashioned of delicate crepe, of lustrous satin, or rich velvet, exhibit an amazing range of hues, from gleaming white through tender grey to many tones of lavender and blue, and violet, from mauve through rose to claret to regal crimson-purple, many of them flushed or dappled, veined or margined with contrasting colors, creating an infinite variety of effects and beauty that has no peer. Truly "Orchids of the flower garden." They can be made happy and will grow in any garden.

AZURE. Double. Late flowering variety that greatly prolongs the flowering period. The heavily ruffled petals are a bright sky blue. A lovely variety. Extra selected clumps, each \$2.50; \$22.50 for 10.

BETTIE F. HOLMES. Double. Pure white. Flowers measure one foot across and do not burn. Considered the best of the white Iris. Fine for cutting. Extra selected clumps, each \$2.75; \$25.00 for 10.

HARBINGER. Double. Deep purple with a delightful golden yellow center. Earliest of all to flower in the collection. Lovely variety. Extra selected clumps, each \$2.50; \$22.50 for 10.

KATHERINE HAVEMEYER. Double. Clear sky-blue. A large and very beautiful Iris. Excellent for cutting, fine graceful foliage. Extra selected clumps, each \$2.50; \$22.50 for 10.

LA FAVORITE. Double. White delightfully veined blue and a rich purple center. Large flower, a very fine variety. Extra selected clumps, each \$2.50; \$22.50 for 10.

LIGHT-IN-THE-OPAL. Double. Light pink. A delightful contrast. Strong producer and a very fine Iris. Extra selected clumps, each \$2.75; \$25.00 for 10.

LUCY MARSHAL. Double. Very large Pansy-violet with white veins. Center white with yellow spurs. Extra selected clumps, each \$2.50; \$22.50 for 10.

PYRAMID. Single. Deep violet-purple veined yellow deep in the center of each petal. Extra selected clumps, each \$2.75; \$25.00 for 10.

RUBY GIANT. Double. A stunning variety of ruby-red. Long lasting either in the garden or when cut. Extra selected clumps, each \$2.50; \$22.50 for 10.

COMPLETE COLLECTION OF IRIS KAEMPFERI

Consisting of one extra selected clump each of the nine varieties listed. Total, 9 extra selected heaviest clumps.

MIXED SHADES

Extra Selected Clumps. Hardy Stock.

\$6.00 for 3; \$18.00 for 10; \$40.00 for 25.

Belladonna

The flowers of this hardy Larkspur are poised like a sky-blue Butterfly on slender, stiff stems, away from the main stalk. They are of an exquisite, heavenly, turquoise blue. They grow 3 feet high.

The habit and growth of this plant is very graceful. Planted in front of Regale or Madonna Lilies, or in front of the taller Hybrid Delphiniums, they create a lovely effect. Established plants produce a number of spikes, giving three crops during the season. Our stock is the true improved strain. Extra selected clumps, \$12.00 for 10; \$25.00 for 25.

SPECIAL GOLD MEDAL
Awarded us for Superior Dahlias

SCHEEPERS' *Dahlias*

The Choicest
of
All Varieties

We offer tubers strong in quality, selected from clumps which produced healthy, vigorous plants last season.

Natural Color Illustrations — See page 29

Large - Flowered Dahlias

Dahlia lovers may with entire safety select at random the varieties offered by us or according to colors or forms they favor, as all are absolutely dependable, produced on stiff, straight stems that hold the flowers upright. It is our belief that a Dahlia, to deserve consideration, should above all have an upright, straight, strong stem so that the flowers face one squarely in the garden and stand up when used as cut flowers.

In the following collection you will find the choicest varieties that have proven to be of superior merit over a number of years, healthy growers and strong producers are essential requisites. With confidence we offer the following list:

ARTHUR GODFREY — FORMAL DECORATIVE

ALABASTER. (Formal-Decorative) White beauty with a soft cream center. Soft and rich color. Although a formal type flower the petals are cupped for a delightful effect. Blooms are held nine inches above the foliage with the fine large blooms facing up. Rich green foliage. Winner of Achievement Medal at Washington, D.C., best Seedling Award, Long Island show, where the following year it was awarded a First and the Tri-Color Awards. Very outstanding. Extra selected tubers, \$3.50 each.

ARTHUR GODFREY. (Formal-Decorative) Largest of all the Formal type Dahlias. Over thirteen inches wide and six inches deep at the Rutgers University trial gardens, eleven inches and more with no disbudding of the plant. Oriental red with orange and buff shadings. Wonderful vitality with extra strong foliage and a continuous bloomer through dahlia time in the garden. On many honor rolls and certified at the trial gardens. *See illustration, left.* Extra selected tubers, \$2.50 each.

ATOMIQUE. (Cactus) Pure white blooms of large size and perfect formation. A recent introduction from Holland where it received numerous awards on the exhibition table. Good strong stems and fine foliage. Very beautiful. Extra selected tubers, \$2.50 each.

CLARA CARDER. (Informal-Decorative) One of the finest for the garden or exhibition. Clear cyclamen-pink, a delightful color which draws immediate attention in the garden. Strong grower and fine stems. Extra selected tubers, \$1.50.

KIRSTEN FLAGSTAD — INFORMAL DECORATIVE

DORA MC CANN. (Formal-Decorative) Deep lavender or a Persian rose blending to a lighter shade. A very beautiful and distinct new color. The large blooms are held on strong long stems. Awarded Seedling Sweepstake Award Long Island Show in 1956, with additional awards the past two years. Beautiful. Extra selected tubers, \$4.50 each.

FIVE STAR GENERAL. (Formal-Decorative) Bloom 10 to 12 inches, bush 5 feet. Light amaranth pink shaded yellow. A grand pastel shade. Derrill Hart Medal Winner. Extra selected tubers, \$2.00 each.

GOLDEN ECLIPSE. (Formal-Decorative) Of clear golden yellow with salmon and flesh shadings at the center. Producing fine, sturdy plants with the flowers carried well above the foliage. This Dahlia has been observed by us for a number of years and we consider it one of the most reliable. It is a fine cut flower, as well as an exhibition variety with wonderful keeping qualities. *See illustration, page 29.* Extra selected tubers, \$1.25 each.

JANE LAUSCHE. (Semi-Cactus) Bloom 10 to 12 inches, bush 5 feet. Beautiful soft bicolor tones of pale mallow purple with white tips. A truly wonderful Dahlia. An achievement medal winner that is on all three Honor Rolls. Extra selected tubers, \$2.00 each.

JERSEY'S BEAUTY. (Formal-Decorative) Probably the most popular of all Dahlias. Of clearest pink, the large, deep flowers are of perfect form and carried on fine stems. Extra selected tubers, \$1.00 each, \$7.50 for 10.

KELVIN. (Informal-Decorative) Australian variety of rare merit. Buff heavily suffused carmine rose, a real peaches and cream Dahlia. The flowers are large and strong and face up for a fine effect in the garden or when cut. Fine strong plant with broad green leaves. A prize-winner. Extra selected tubers, \$2.50 each.

KEMP'S MEMORIAL. (Informal-Decorative) The autumn shades of gold are further enhanced with an undertone of soft blue. The normal size of the blooms is 12 inches wide and 7 to 8 inches deep and held on extra strong stems. With care and feeding they can be grown to 16 inches wide and 10 inches deep. Named in honor of a great Dahlia enthusiast who called it "the best seedling he ever originated." This new introduction will be a prize-winner wherever shown. Exquisite. Extra selected tubers, \$7.50 each.

KIRSTEN FLAGSTAD. (Informal-Decorative) Rich chrome yellow with slight rose suffusion. Will flower early and continue to produce large delightful blooms throughout the season. A fine dependable variety for the garden. Extra selected tubers, \$2.00 each.

MADONNA. (Informal-Decorative) This is a very large, pure white flowering Dahlia with blooms many times reaching 12 inches in diameter; opens well with a tight blossom and folds back to the stem for a depth of bloom up to 9 inches. Free flowering and lasts a long time in bloom. Prize Winner. Extra selected tubers, \$2.25.

MAFFIE. (Semi-Cactus) This variety has had many honors wherever exhibited. Intense carmine, blooms of tremendous size and fine quality. Strong grower with fine foliage. Occasionally shows golden tips to center petals. *See illustration, page 29.* Extra selected tubers, \$2.25 each.

WHITE SUPERIOR — CACTUS

MARGARET DUROSS. (Informal-Decorative) The very large blooms are yellow, flushed scarlet to create an orange coloring; very beautiful. Extra strong plant with good foliage and strong stems. A prize-winner. Extra selected tubers, \$3.00 each.

MARY ELIZABETH. (Semi-Cactus) A great prize-winner and a record for honors at the shows. Cherry-red with extra large blooms. Beautiful in a bouquet. Extra selected tubers, \$3.00 each.

MICHIGAN WHITE. (Semi-Cactus) One of the best of the white cut flower varieties, blooms have fine substance and keep well when cut. A profuse flowering variety. Extra selected tubers, \$1.75 each.

MRS. HESTER A. PAPE. (Informal-Decorative) A recent introduction that is a record breaker for prizes. American Home Achievement Medal winner at Baltimore and Cleveland; also on Honor Roll in the leading trial gardens. Reddish purple; fine strong grower and excellent foliage. Has won prizes in red as well as purple classes. Extra selected tubers, \$2.25 each.

NEW LOOK. (Semi-Cactus) Clear deep yellow. Very large bloom and delightfully formed, fine foliage and tall grower. A very beautiful Dahlia that is a prize-winner. Extra selected tubers, \$2.50 each.

OGDEN REID. (Informal-Decorative) Bloom 12 to 14 inches, bush 5 feet. Here is a big fellow and a very strong grower. Color a beautiful soft rose with a sheen of gold. Should be in every collection. Extra selected tubers, \$1.50 each.

RED AND WHITE. (Decorative) The large blooms are scarlet with the edge of each petal white bordered. Very attractive in the garden and a good cut flower. Strong grower. Extra selected tubers, \$2.00 each.

ROSE TENDRE. (Semi-Cactus) The soft pink blooms are very beautiful. Strong stems and the exquisite formation of the bloom makes this variety ideal for cut flowers. Prize-winner. Extra selected tubers, \$2.50 each.

SCARLET LEADER. (Cactus) Another Holland introduction that is a prize-winner. Fine large blooms of Poppy red. Makes a fine plant and has an abundance of beautiful blooms. Extra selected tubers, \$2.50 each.

TARTAN. (Informal-Decorative) A bi-color of great merit. Dark mahogany with the petals edged and tipped white. Beautiful contrast. Good size blooms and a strong grower. Extra selected tubers, \$2.50 each.

THE CARDINAL. (Semi-Cactus) A bright cardinal-red beauty that causes immediate attention in the garden or as a cut flower. Considered the best new red Dahlia. Delightful arrangement of petals. Large bloom and strong plant with attractive foliage. Extra selected tubers, \$1.75 each.

WHITE SUPERIOR. (Cactus) Pure white of very beautiful form. Selected as Grand Champion Dahlia of the year a few years back and still a dahlia that cannot lose at the shows. Blooms are produced in abundance on strong stems. Strong grower. Extra selected tubers, \$1.75 each.

WORLD EVENT. (Informal-Decorative) Tyrian rose. Blooms have very high centers and are produced on strong stems. Many flowers are produced during the season on strong plants, with good attractive foliage. Extra selected tubers, \$1.50 each.

YELLOW STAR. (Cactus) Very beautiful deep yellow. It is one of the first varieties to come into flower and produces a large number of blooms. Cut in bud it readily opens in water; has long strong stems. Plant is well shaped and a delightful green for a perfect contrast with the yellow blooms. Prize winner. Extra selected tubers, \$1.50 each.

Miniature Dahlias

Supply Large Quantities of Cut Flowers

These Miniature types are so named because they are almost exact miniature reproductions of the large flowered varieties. They are especially suitable for decorative work in the home, and are also very attractively used in landscape work such as borders or for mass planting. A few of the real dwarf varieties also provide attractive coloring in the rock garden. Heights indicated for each variety.

These Miniature Dahlias require no disbudding, and can be planted closer together than the large-flowered varieties. For best culture, they should be grown without too heavy feeding.

ANDRIES ORANGE. (Semi-Cactus) 3 feet high. Bright orange. A very colorful variety. The fine healthy plants are covered with blooms during the summer; nice when cut in bud too. Extra selected tubers, \$1.00 each.

FAIRY. (Formal-Decorative) 2½ feet high. Nice soft pink blossoms are held on strong stems. Ideal for the garden or for cutting. Extra selected tubers, \$1.25 each.

IKE. (Formal-Decorative) 3½ feet high. A tall growing blood red with long stems. A very strong grower and really a very fine new variety. Extra selected tubers, \$1.00 each.

JOKE. (Formal-Decorative) 2 feet high. Deep red with each petal of the bloom tipped white, a very charming effect. Extra fine variety for mass planting in a formal bed—sturdy grower, requires no stakes. Heavy flower producer throughout the season. Extra selected tubers, \$1.25.

LILLY BELLE. (Formal-Decorative) A Dahlia of sterling merit, Tall growing habit with many branches. A pleasing blend of pink and white. Many flowers are produced on this vigorous plant. Extra selected tubers, \$1.25 each.

LITTLE LEMON DROP. (Formal-Decorative) 3 feet high. These waxy lemon-yellow blooms are of fine texture. Nice green foliage and a good strong plant, adds to the attractiveness of this variety. Extra selected tubers, \$1.25 each.

LITTLE FIREBALL. (Formal-Decorative) The brightest red imaginable. A strong dependable grower of free habit. The contrast between the bronzy green foliage, the stems, and the fiery red blooms is really startling. A little gem. Extra selected tubers, \$1.25 each.

LITTLE WISTERIA. (Formal-Decorative) Very beautiful lavender with a darker almost purple center. Extra fine. Good grower and very free flowering. Extra selected tubers, \$1.00 each.

NEW MINIATURE WHITE FAWN

WHITE FAWN. (Formal-Decorative) 3½ feet high. Beautiful glistening white. Uniform blooms of fine form are held above the foliage for finest effect in the garden or when cut. Extra selected tubers, \$1.25 each.

"So now, in conclusion, do I recommend you, and me, and all of us, to the keeping of a happy and humble spirit, such as the love of a garden ought surely to engender."

—In a Yorkshire Garden,

**NOW
BEAUTIFUL — FRAGRANT**

Lilies of the Valley

In flower in your garden from early Spring until late in the Fall!

Make a planting each week, or, every two weeks—then you will have the lovely fragrance in your garden all Summer long.

We keep the pips in a frozen state and ship them to you at any time of the year as they may be grown indoors in pots as well. Planted in the garden during the summer, or in pots they will flower 21 days after planting.

Enjoy the lovely blossoms and the enchanting fragrance in that special spot in your garden, or, have them flowering in pots for the Patio. Fine for bouquet use and as boutonnieres.

It is a garden investment that pays dividends—the pips will naturalize and flower again next year—increasing with each season's growth—forming large beds of our Extra Selected "Excellentia" strain of Lilies of the Valley.

\$3.50 for 12; \$7.00 for 25; \$13.00 for 50; \$25.00 per 100.

Single Dahlias

Great profusion of blooms all summer long

Open centered flowers, with only one row of ray florets. These gems are excellent for the garden and for cutting. All grow from 2 to 4 feet high.

BISHOP OF LANDAFF. This fine variety may also be considered a Duplex as it has several layers of petals. Bright scarlet with a garnet center. The foliage is lacy and reddish bronze which makes it outstanding for Landscape effect as well as cut flower purposes. Extra selected tubers, \$1.25 each.

CANDLE LIGHT. Brilliant yellow with an artistic arrangement of petals at the center of the bloom. Fine strong stems and a nice plant. Extra selected tubers, \$1.50 each.

NEWPORT TRIUMPH. Beautiful rose-pink with golden lights. The petals are pointed and twisted for a delightful effect. Extra selected tubers, \$1.25 each.

PURITY. A very striking waxy white. Strong grower that produces large quantities of blooms all summer long. Strong stems. Extra selected tubers, \$1.50 each.

*"Great things are done when men and gardens meet
That are not done by jostling in the street."*

BISHOP OF LANDAFF

SPECIAL COLLECTION OF SINGLE DAHLIAS

Consisting of one extra selected tuber each of the above 4 varieties.

Special Collection Price . . . \$5.00

The Tranquillity of the Garden

RELAXING - - - BEAUTEOUS - - - REWARDING

Whoever makes a garden not only adds a breath of beauty to the world but does something for himself that he probably never dreamed he could do. Almost it is like waving a magic wand — and presto! he is a changed being. Whatever may have actuated the making of the garden in the first place — a desire for orderliness, perhaps, an instinct for display, or merely to do as his friends have done — the result is nearly always unexpected. The maker, or in the beginning he is probably only the instigator, may expect to get nothing more from his garden than a negative satisfaction, yet almost invariably he finds himself in the grip of a new and absorbing interest. And with renewed and resensitized senses; with eyes that see for the first time clearly the pale young enchantment of the spring overcoming winter's desolation; the rich fulfillment of summer, autumn's wistful beauty; with ears that hear as they have not heard perhaps since his boyhood, the songs of birds; with a nose alert for delicious perfumes. And with what is worth all of these and more — with a heart unaccountably at peace. In short he has opened a window through which he may gaze upon the world from a wholly new vantage point.

To what other of our investments may we look for such richly gratuitous returns? Gardening more than any other activity or interest takes us out of ourselves, relieves us of petty anxieties, renders us unconscious of the innumerable trifling annoyances that mar the days; lifts us bodily out of life's ordinary routine and brings us instant recreation. Disquietude could find no more certain antidote than work in a garden, than the thousand and one interests to which it introduces us and the grateful bodily fatigue which it brings.

"There be delights," says an ancient writer, "that will fetch the day around from sun to sun, and rock the tedious year as in a delightful dream." This in quaint language and in a very few words tells of the interest and pleasures of a garden and of the instincts that are satisfied in its making.

Pompon Dahlias

(Also known as "Bouquet" and "Lilliputian" Dahlias)
(Excellent as Boutonnieres)

Fascinating for decorative purposes

This group is very valuable for decoration purposes as well as a garden plant—the bushy compact plants make a fine showing in the perennial border. Large quantities of cut flowers. All grow about 3 feet high.

AMBER QUEEN. A very outstanding variety of light bronze or amber. Nice, bushy plants with plenty of flowers throughout the season. Extra selected tubers, \$1.00 each.

ANNABELLE. A prize winner wherever shown. Soft, clear pink. One of the best of the newer varieties. Extra selected tubers, \$1.25 each.

CHALLENGE. Red and white bicolor. Delightfully marked—the red petals are bordered white. Extra selected tubers, \$1.25 each.

EDITH MUELLER. Apricot suffused peach-red. A very attractive flower that is ideal for cutting. Fine healthy plant. Extra selected tubers, \$1.00 each.

LITTLE SNOW WHITE. At last we have a new pure white Pompon. It is a great improvement over the older varieties in every way. An excellent grower and exceptionally free blooming. Extra selected tubers, \$1.25 each.

MORNING MIST. This combination of white and lavender is new and distinct. The tall, bushy plants are covered with these beautiful little blooms from early season until frost. Extra selected tubers, \$1.00 each.

RED WARRIOR. Bright red flowers. The best in this color class. Strong grower with full open blooms. Extra fine. Extra selected tubers, \$1.25 each.

SHERRY. Another new and distinct color in this class. This shade of purple is more readily described as "plum." The tall, bushy plants are covered with these beautiful little blooms from early season until frost. Extra selected tubers, \$1.00 each.

YELLOW GEM. The finest of the clear yellow Pompons. Extra selected tubers, \$1.00 each.

"A garden is our happiest means for evoking Nature's mystic, as well as Nature's sensible music. It is in itself the consummate eloquence of the living silence of sunlight, a silence in which sunlight, with the aid of earth's elements, expresses itself in the lovely color of flowers."

—TEMPLE SCOTT

Beautiful Garden Lilies

*Plant Them Now — Then Enjoy Their Beauty and Fragrance
in Your Garden This Summer*

They Increase in Beauty with Each Season's Growth

So that you may succeed with these inspiring plants and to obviate disappointments, we have selected, after many years of experimenting and careful study, from a host of varieties, the limited few that succeed in American gardens under ordinary care, when planted in the spring.

THE GOLDEN-RAYED LILY — LILIUM AURATUM MACRANTHUM IN A HAPPY LOCATION

Color illustration, page 35

AURATUM. A veritable "Peacock among Lilies" and very robust. We offer imported Japanese grown bulbs only. There is a lingering charm about the garden in August. One feels the sense of departing beauty and hurries to enjoy what color and fragrance kind Summer has left in her flight. One of the best of all legacies is "Auratum," the golden-rayed lily of Japan, which was discovered on the slopes of snow-capped Fujiyama, growing wild and untouched in all the glory of its beauty.

This is one of the noblest of all lilies, favoring a cool, thin woodland where it is damp at the roots. Not a woodland plant in the sense that it grows in the thick of the forest, but it flourishes on the fringes of the woods, in glades and clearings, always among vegetation, which, while screening the lower part of the stem and keeping the ground cool, leaves the sun free to play on the blooms.

AURATUM MACRANTHUM. (Platyphyllum) This is the robust growing form; height 4 to 5½ feet, the stem is stout and attains a considerable height, the leaves are broad; enormous flowers, white, richly spotted yellow. Undoubtedly the choicest of all, and, superior to the type.

We have been successful in securing the same special strain of bulbs that we handled prior to the war. They are all especially selected for us and are free from disease.

Jumbo size. \$1.75 each; \$5.25 for 3; \$17.00 for 10.

Extra Large Size. \$1.25 each; \$3.50 for 3; \$11.00 for 10; \$25.00 for 25.

Large Size. \$1.00 each, \$3.00 for 3; \$8.00 for 10; \$19.00 for 25; \$70.00 per 100.

LILY GARDEN COLLECTIONS — page 39

CENTIFOLIUM. A beautiful and prolific lily; when established a sensation in the garden. In general appearance resembles a huge *Lilium Sulphureum* or *Brownii*, with long tubular, white flowers, colored and streaked externally with brown and flushed internally with yellow deep down into the throat of the blossom. A giant; 4 to 6 feet high. Absolutely hardy and free from disease. Mid-July flowering, plant 8 inches deep; likes full sun. Permanent in the garden for many years. See color illustration, page 36.

Extra Heavy Selected Bulbs: \$2.25 for 3 \$7.00 for 10; \$16.50 for 25; \$60.00 per 100.

FIRE KING. A NEW lily of very outstanding merit. It is by far the most brilliant lily in cultivation today. The blossoms are vermilion-scarlet with a peppering of small black dots running deep into the throat; the pistil is scarlet and the anthers deep brown for a charming contrast. We have seen as many as 40 of the brilliant flowers on a single 4 foot stem. The flowers face up and out from the stem; greatly enhancing its beauty in the garden and when used as a cut flower for indoor decoration. It is free from disease, hardy and naturalizes readily. Flowers from the end of June to the end of July and is long lasting when cut. Sure to become one of the most popular garden lilies. Plant 8 inches deep. See illustration, page 34.

Extra Heavy Selected Bulbs: \$1.50 each; \$4.00 for 3; \$11.00 for 10; \$25.00 for 25.

LILIUM FIRE KING — See page 33

GEORGE C. CREELMAN. One of the outstanding introductions of recent years. The *true* Creelman Lily. Beautiful — permanent — prolific — hardy — dependable — easy to grow. Award of Merit, Royal Horticultural Society. This Lily is not to be confused with “seedlings” of the Lily, sometimes offered as *Lilium Creelman*. “Creelman” is beautiful in form and color, and artistic, while sturdy, virile, permanent, dependable and disease resistant. The long-lasting flowers, which are very large, often measuring 8 inches in length, carried in large numbers on strong, long stems, with fine foliage, resemble a Regal Lily of the best and truest type, with the bronzy tones more pronounced and a more intense yellow in the throat. It blooms 2 weeks after the Regal Lily, many flowers opening at one time. We have counted 35 perfect flowers and buds on a 6-foot spike. Very strong and vigorous grower, the entire plant has an appearance of well-being. We have found this Lily to be entirely free from ordinary diseases to which so many other Lilies are subject. Easiest of culture and one of the hardiest. Stem-rooting. Plant 10 inches deep. Extra heavy, specimen bulbs, \$1.50 each; \$4.00 for 3; \$12.50 for 10; \$25.00 for 25; \$75.00 per 100.

Lily blooms are beautiful arranged in a corsage — especially recommended for this purpose are:

Auratum Macranthum	Speciosum Magnificum
Henryi	Tigrinum Flore Pleno
Speciosum Album Novum	Tigrinum Splendens

HENRYI. One of the best border Lilies, reaching 8 feet and more in height when established, and bearing more than twenty flowers of a rich, deep orange-yellow. The petals of the flowers are rolled back as in the *Speciosum* Lily and they are very handsome. The stamens boldly diverge from it. The anthers are conspicuous for their size, color and extremely delicate poise. A partially shaded place, sheltered from winds, suits it best. It is a beautiful Lily. Stemroots; plant ten inches deep. August-September flowering. *See illustration, page 37.*

Jumbo Bulbs: \$1.00 each; \$2.75 for 3; \$8.50 for 10; \$19.00 for 25; \$70.00 per 100.

PHILIPPINENSE FORMOSANUM. (The Hardy Easter Lily) Pure white trumpet. This is the latest of all lilies to flower in the garden and it helps to prolong the beauty of the lily in the summer garden. September and October flowering. The long trumpet shaped blossoms measure 8 inches and more in length; it is easily naturalized and soon you will have colonies of fine plants in the garden. Grows from 4 to 6 feet tall and blooms are nicely arranged; 8 to 10 on a stem. Plant in a warm sunny location 5 to 6 inches deep. Our special strain of bulbs are guaranteed to be disease free.

Extra Selected Bulbs: \$3.00 for 3; \$8.00 for 10; \$18.00 for 25; \$70.00 per 100.

LILIES AS A GARDEN INVESTMENT

There are many years of enjoyment in a lily planting. Varieties that we offer and the fine quality of stock supplied will assure many years of enjoyment in your garden. All varieties quickly naturalize and you can look forward to increased beauty with each season's growth.

*"All still and Lily-scented,
The garden seemed to say:
'Oh, weary one, come, enter
And cast your cares away.'
For tall and white the Lilies
Like Guardian Angels stood,
To ward away the evil
And encompass the good.
To turn away thoughts world-wise,
To want and see and hear
The God-like, silent message
Of things that bless and cheer."*

—LYMAN

REGALE. (The Regal or Royal Lily) One of the most beautiful, and one of the hardiest Lilies in cultivation, *Lilium Regale* is truly a royal Lily, worthy of a place in every garden; it is a lover of loam and sunshine. A vigorous grower with sturdy stems, 4 to 6 feet high, densely covered with long, linear-lanceolate foliage. Center of flower flushed with yellow, shading to white at the outer edges; externally the flowers are streaked with brown on the "ribs," shaded through the almost translucent petals with a delightful pearly tint; the contrast between the rich wine color of the reverse of the petals and the gold shading of the throat is extraordinarily beautiful.

The Regal Lily is very floriferous and, when thoroughly established, bears as high as eighteen and twenty flowers during the season. Like most other Lilies, it should be planted deep—at least 9 inches, should have good drainage, and when growing should be watered copiously with liquid manure as they are gross feeders. They succeed in any good rich garden soil.

In the herbaceous border, planted in clumps of five to twenty-five bulbs, they are especially attractive among the Delphiniums and other July-flowering perennials. Where these magnificent Lilies are planted in quantity, the air in the cool of the morning and in the evening is laden with a delightful perfume, exhaled from every blossom. See *color illustration*, page 35.

Extra Heavy Specimen Bulbs: \$1.25 each; \$3.50 for 3; \$11.00 for 10; \$25.00 for 25.

Extra Selected Bulbs: \$1.00 each; \$2.75 for 3; \$8.50 for 10; \$20.00 for 25; \$60.00 per 100.

LILIUM TIGRINUM SPLENDENS
See page 39

SPECIOSUM LILIES

Fragrant — Dependable — Beautiful

Permanent in your garden

Lilium Speciosum both pure white and pink is deservedly one of the greatest favorites as a border plant, of daring as well as beautiful form. The petals are well rolled back and are handsomely spotted, often branded with distinct color. The style is thrown out in a curved line of much grace and strength. The stamens boldly diverge from it. The anthers are conspicuous for their size, color and extremely delicate poise. In addition to all these attractive qualities it has a strongly waved outline to the petals, which adds much to its beauty.

To see the plant growing impresses one with a feeling of vigor and well being. Must be planted deeply as it produces an unusually strong mass of stem-roots.

See color illustration, page 35.

It may be grown to perfection in a rich, open, woodland soil overlying a stiff, sandy loam, into which its long roots can wander as they please. On the richness of the top-soil depends the growth of the stem and flowers, and it is no exaggeration to say that one cannot mulch this lily too much. As it opens its flowers late in the season, August and September, it is probably best to plant Lilium Speciosum in full sunshine. Plant 10 to 12 inches deep, of course, among ground shading shrubs, making sure as to the drainage.

"When my garden smiles and smells."

THE PURE WHITE STRAIN

SPECIOSUM ALBUM NOVUM. Flowers are large, of the purest white, with beautiful golden yellow anthers. Stem-roots, August-September flowering. Grows 2½ to 4 feet high.

Extra Heavy Selected Bulbs: \$1.35 each; \$3.90 for 3; \$12.50 for 10; \$30.00 for 25.

Extra Selected Bulbs: \$1.10 each; \$3.15 for 3; \$9.50 for 10; \$22.50 for 25.

THE PINK STRAINS

SPECIOSUM MAGNIFICUM. (Improved Rubrum) Rich ruby-carmine, margined white; stout of substance and broad of petal. Improved "Rubrum." This variety stands out prominently on account of its vigorous growth, 3½ to 5 feet high, as well as the size and depth of coloring of the blooms. Stem-roots, August-September flowering. *See color illustration, page 35.*

SPECIOSUM MELPOMENE. The delicate beauty of the lighter colored flowers makes this variety most desirable. Deep carmine-crimson, intensified by a narrow margin of white. Stem-roots, August-September flowering.

Prices

Extra Heavy Specimen Bulbs: 13 to 14 inches in circumference \$1.75 each; \$5.25 for 3; \$16.50 for 10; \$35.00 for 25.

Extra Selected Bulbs: 11 to 13 inches in circumference \$1.25 each; \$3.50 for 3; \$11.50 for 10; \$25.00 for 25.

Selected Bulbs: 10 to 11 inches in circumference \$1.00 each; \$2.85 for 3; \$9.00 for 10; \$19.00 for 25.

Tiger Lilies

HARDY — ROBUST — DEPENDABLE — BEAUTIFUL
GROW 4 TO 5 FEET HIGH — AUGUST FLOWERING

The Rare Double Lily

TIGRINUM FLORE PLENO. The exquisite extra petals to this bloom creates a lovely effect. Double flowered Lilies are rare and this is one of the loveliest. Salmon-orange with the blooms spotted black. Fragrant and lovely in every way.

Extra Selected Bulbs: \$1.75 for 3; \$5.00 for 10; \$12.00 for 25; \$40.00 per 100.

The Lovely Single Form

TIGRINUM SPLENDENS. The large shapely flowers are of a rich, salmon-orange spotted with glossy black. Very robust in habit and very easy to grow. Makes stem roots so it must be planted 10 inches deep. Like the double form it naturalizes quickly and soon you will have colonies of the lovely Lilies to grace your garden.

Extra Selected Bulbs: \$1.75 for 3; \$5.00 for 10; \$12.00 for 25; \$40.00 per 100. *See illustration, page 37.*

Scheepers' Lily Garden Collections

Flowering Time from July through September

In response to repeated requests for a collection of Lilies that will produce blooms all summer long, we make the following suggestion: the varieties listed in the collections and described on pages 33 through 39 planted this spring will produce Exhibition Quality Plants and an abundance of blooms this summer. They are all hardy, strong growers that will produce blossoms in your garden season after season.

There are many other varieties of fine Lilies available. However, they may be planted in the Fall only. Our Fall Catalog will have a complete listing.

Rock Garden and Wall Garden Favorites

From the large number of fine perennial plants available we have made a special selection of twelve extra fine types that will provide a beautiful display. Not alone are the blossoms attractive, but the colorful foliage is an added beauty.

AJUGA. (Bugle) These are splendid rockery plants. Also one of the best ground covers for sun or shade. Mats heavily when established so that weeds cannot grow.

REPTANS. (Carpet Bugle) Low, spreading plant. Spikes of blue flowers in May and June. Height 8 inches. Extra heavy, field grown plants. \$3.25 for 3; \$10.00 for 10.

ARMERIA. (Thrift or Sea Pink) Dainty rosettes of leaves that are ideal for border plants as well as in the rockery or wall garden.

MARTIMA ROSEA. Produces bright rose pink flowers in May and June. Height 8 inches. Extra heavy, field grown plants. \$3.25 for 3; \$10.00 for 10.

DIANTHUS PLUMARIUS. (Garden Pink) Also called the Hardy Carnation. A great garden favorite. For edging or garden specimens.

AGATHA. Double pink flowers. Height 10 inches.

CEOSUS. Single pink flowers. Height 12 inches.

GRENADIN. Double red flowers. Height 10 inches.

HER MAJESTY. Double white flowers. Height 9 inches.

Any of above: \$3.25 for 3; \$10.00 for 10.

GALAX. (Coltsfoot) The lovely heart-shaped leaves are green shaded red or bronze. Green when in the shade with other colorings in full sun. Likes moisture so should be planted accordingly. Leaves fine for decorative purposes in bowl arrangements.

APHYLLA. Evergreen. Flower spikes are creamy white and are produced in July. Height 14 inches. Extra heavy, field grown plants. \$3.75 for 3; \$11.00 for 10.

HEUCHERIA. (Coralbells) Lovely evergreen foliage and a great favorite in borders and rock walls and gardens.

PLUIE DE FEU. Beautiful coral-red bells on strong stems in June and July. Height 24 inches. Extra heavy, field grown plants. \$3.25 for 3; \$10.00 for 10.

IRIS PUMILA. (Dwarf Iris) Lovely for the rock garden or border. Flowers are produced in abundance in May.

AZUREA. Beautiful light blue. Height 6 inches.

BRIDE. Pure white. Height 8 inches.

MAROCAIN. Rich purple. Height 6 inches.

PRAIRIE GEM. Fine yellow. Height 6 inches.

Any of above: \$3.75 for 3; \$11.00 for 10.

IBERIS SEMPERVIRENS. (Candytuft) The compact plants are very beautiful and colorful. Fine in rockery or wall garden.

SNOWFLAKE. Very compact grower with dark green foliage which is just about covered with snow-white blossoms from late May through June. Height, 8 inches. Extra heavy, field grown plants. \$3.25 for 3; \$10.00 for 10.

LAVANDULA. (Lavender) This is the true sweet lavender.

VERA. Delightfully fragrant blue flowers during July and August. Height 18 inches. Blooms may be dried for fragrance use. Extra heavy, field grown plants. \$3.75 for 3; \$11.00 for 10.

POLEMONIUM. (Jacobs Ladder) Derives its common name due to the arrangement of the leaflets on the stem. An old-fashioned favorite.

REPTANS. Dwarf variety growing 8 inches making it very valuable to the rock wall or garden. The lovely blue flowers are produced in May. Extra heavy, field grown plants. \$3.25 for 3; \$10.00 for 10.

SANTOLINA. (Lavender Cotton) Valuable as an edging plant as well as in the rockery. The evergreen foliage is very distinct with nicely colored leaves.

INCANA. Silvery grey leaves. Lovely yellow blossom produced in June. Height, 8 inches. Extra heavy, field grown plants. \$3.75 for 3; \$11.00 for 10.

SAPONARIA. (Rock Soapwort) Very attractive plant for rockery or edging.

OCYMOIDES. Broad spreading leafy plants that have bright pink flowers during June and July. Height, 8 inches. Extra heavy, field grown plants. \$3.25 for 3; \$10.00 for 10.

SEDUM. (Stonecrop) Plants with attractive evergreen foliage and while the flowers are small they too are attractive.

GLAUCUM. Beautiful blue-green foliage with pinkish white flowers in August. Height, 8 inches.

SIEBOLDI. Popular variety with the clusters of blue-green leaves and pure pink flowers in September. Height, 6 inches.

Any of above: \$3.25 for 3; \$10.00 for 10.
